Part 1: Poster

Students must make a warning poster for tsunamis. Students will make the poster in class and turn it in the same day.

Points of Emphasis	Description	Point Value
Picture	Students must draw a picture that could be used as the “universal sign” for tsunami warning.	/30
Information	The poster should contain information about the following: <ul style="list-style-type: none"> ➤ What signs to look for that a tsunami is approaching ➤ What to do in case of a tsunami ➤ Common misunderstandings/mistakes people make when it comes to tsunamis 	/50
Quality	Students need to make the poster look as good as “clean” or “good-looking” as possible. If the poster looks as if it was thrown together at the last minute, this is the portion of the grade that will reflect that. <u>The teacher can give zero points on this portion if the quality is seriously lacking.</u>	/20
On Time	Students will lose 5 points every day (not class day) the project is late. (-5 pts) x (_____ days late) =
